The annual town meeting held at Norway Opera House Monday, March 3, was largely attended with business transacted rapidly and no serious friction apparent. Recommendations of the budget committee were on a whole accepted without question, and no serious opposition appeared to filling official positions.

Summary of Business
Voted to pay 1 per cent. on amount collected for taxes.
Three road commissioners were elected at \$4.00 per day for their service and the moderator was authorized to appoint a committee to have charge of sanitation and repairs on school buildings for which purpose \$6,300.00 was raised.

While the budget committee voted unanimously to make no recommendation for a Community Nurse, the citizens voted to employ one and granted \$1,000 for the work.

Extra room for the village schools was discussed. Congestion at the high school building was the important question and a number of plans explained which might relieve for a time, or tide over the present high cost of building material. As suggested, changes in the gymnasium might provide rooms for the laboratory and other departments, and allow alterations and changes in the high school rooms. The question was settled by a vote to make necessary changes at a cost not to exceed \$4,000. Sum to be raised by notes of the town payable at the rate of \$1,000 annually, first note to be due in 1925. The same committee to serve on sanitation and repairs will make such changes as advisable within the sum named and have charge of the work.

All taxes are due Nov. 1, 1924. Taxes not paid on or before Jan. 1, 1925 will go on interest at 1 per cent. per month dating from the time due.

Voted to authorize the treasurer to borrow, giving notes payable within one year or earlier. Also voted to appropriate \$800.00 for improvement of State highway as outlined by the State Highway Commission and in addition to the regular highway appropriations.

Jackson Meadow brook bridge which has caused trouble every spring, will be repaired. Town appropriated \$500.00 for that purpose.

The town's share of a concrete bridge over Holt brook on the Waterford road was \$3,960.00. This amount was granted. The matter to abate the taxes assessed against the homestead of Mrs. Hannah Bradeen for 1924 was left with the selectmen.

Voted "yes" on the question to raise \$150.00 for repairs on the Frost Hill road leading from the Harrison road past the Roswell Frost homestead. Tax payers in that locality will pay \$50.00 in money or labor.

Voted to exempt from taxes for 1924 the American Legion building and lot opposite the junction of Main and Paris streets.

One hundred and fifty dollars on deposit in the Norway Savings Bank was accepted in trust, the interest to be expended for perpetual care of the burial lot of the late Horace Oxenard.

Two streets were accepted. One to be called Hayden Avenue and running from Pleasant street across the land of E. P. Hayden to the land of George Keniston, the land damage being given. The second Bartlett and Radcliffe Sts. running from Elm street through to Home St. and laid out by the Selectmen, said land being dedicated to the town for a street.

Voted "yes" on the article to approve the action of the selectmen whereby they executed two deeds of real estate, to settle tax liens, dated Dec. 26, 1923, to Edmund F. G. Green of Norway. Selectmen may in the future sell, convey, and execute sufficient deeds at tax sales of property in such manner as they deem proper, until properly revoked by a vote of the town.

Articles relative to paying interest charges and taking a new valuation were passed over.

Moderator H. B. Foster was granted \$50.00 for his services.

In the officers elected, Donald B. Partridge succeeded William F. Jones whose term expires on the superintending school committee. H. Arthur Robinson, Robert E. Bickford, Percy Y. Fogg, the road commissioners and trustees of the public library are re-elected. Jerry Ryan is a new constable and with the exception of E. G. Gammon and Chas. E. Bradford the entire force is re-elected.

Appropriations this year, \$69,949.00 against \$78,967.76 in 1923 committed for collection. Last year the state and county tax was \$16,278.76.

Rabbits in the store window at James N. Tubbs has attracted considerable attention the past week.

NORWAY, ME. FRIDAY, MARCH 7, 1924.

BASKET BALL

Norway H. S. 35; Woodstock H. S. 7
In the season's final match, Norway went over the top in the last quarter after a fast session in which Woodstock more than held her own. It was nip and tuck the first period, Palmer drawing first blood but Woodstock taking the round.

The second quarter was much like the first except Norway had crawled up a little nearer.

Kenyon and Roy comprised Norway's offensive the first half with Palmer in the circle and LaFrance and Nevers on the defensive. With the opening of the last half, Captain Palmer led his regulars onto the floor all set for a clean-up, but the machinery failed to function on all four cylinders and the end of the third period saw the two teams standing on equal footing.

The last period opened with a rush. Norway opened up to the limit crowding on a full house of spectators carried them past the Woodstock defense line time and time again amid the wild cheering of the optimistic stage crew. Hotter grew the heavy artillery fire of the Bryant Pond lads, but they failed to take the fort and the lavender and white banner continued to flutter proudly in the breeze. From the stage the roar of the fair Norwegian rooters floated out to the ears of the battling warriors and they heard. With a last courageous spurt the home lads took over the game on a long-range score.

Mexico 23; Norway 13
The fair Norway maidens were handed their first defeat on the home surface Friday night. The orange and black clad Mexicans played a clean, fast game that called the last ounce of endurance from the Norway sextet. The visitors had a sharper eye for the basket than the home lads, that gave them the lead from the first whistle. Honors were about even on the home team with little "Flash" Descoteau a shade in the lead of the forward trio. All the guards playing stellar roles.

The Farmers gave the Commercial Department a sound thrashing Friday night in a fast game full of clean, red-blooded action. The Bookkeepers jumped off to a good start but failed to conquer the boys from the Agricultural Department. Captain Rogers led his "Aggies" on a rampage in the second half that doubled the score over the daring business contingent and sent the game to the farmers.

The fast Hebron Academy outfit slipped one over Harriman's Athletic Club, Friday evening, on the Norway Opera House surface and easily captured the laurels with 50 to 26.

Hebron jumped quickly into the lead with Norway trailing close during the first quarter. "Fiddle" Harrington, high basket maker for Norway while Beach, Briggs and Hobbs figured strong for Hebron. Hubble of South Paris entered the game late but made good showings left guard with Luce at center.

Summary—Hebron led in each quarter, following 16-8, 30-9, 42-14, 50-26. Referee, Palmer, timer, Murdoch, periods, 4-10's.

The Browning Reading Club will meet Monday evening, March 10, with Mrs. Jennie Foster. The program will include roll call, current events, readings selected by Mrs. Foster, five minute recreation by the hostess and selected readings by Mrs. Blanche Smith.

Edward McCormack of Portland was the guest of his mother, Mrs. Will Libby over the week end.

The motor chemical with the chief and several firemen were called out Sunday noon to a hot chimney fire at Morris Klein's house. A fierce blaze required the use of the large tank.

Meeting for Summer Baseball

A meeting of the Twin Towns Athletic Association will be held at the Norway Buick Co. salesroom, Friday evening, March 7, at 7 o'clock to talk baseball. Every player should be present for a general expression of ideas desired.

If we are to put a team in the field, now is the time to start something definite. Players are being signed up by other managers and if we should decide in favor of organizing, our move is to do likewise while material is obtainable.

We can find players now, for several of the former team and others are holding out against offers until Norway is heard from.

If you want good summer sport attend the meeting and say so.

W. C. T. U. Tag Day
Yes, it was town meeting day, and the twenty girls in the Senior class of the High School did splendid work, starting at 10 A. M.

Mrs. Nevers was assisted in receiving by Mrs. Jennie Russell, and Mrs. Alma Tubbs. Irene Nevers and Virginia Tubbs served the refreshments.

A Shower
A shower was given Mrs. Lester Witherspoon by Miss Ruth Smith, Friday, by the girls in the stitching room of the Norway Shoe Co.

The bride of a few weeks was greatly surprised when suddenly she was showered with rice and confetti. The gifts were a silver casserole and teapots. With best wishes for happiness and prosperity, the merry group of girls returned to their work, wondering who is next to be the happy bride, as there has now been four showers given in the room this winter.

HELP FILL UP THE PAPER
(Written by Mrs. W. V. Kneeland)
Town report time is over. The "ban" has been lifted. And back to our shoulders. The burden (?) is shifted. So send in your items. And help fill up the paper. For the past three weeks it's been thin as a water.

Bowling Notes
Eugene Descoteau won the Town Bowling Championship and silver cup at Partridge's Alley, Tuesday evening. This ten string was the final against Will O'Connell, who scored 912. "Deuce" must defend his title against all Norwayites. If he can hold out for three more winnings, the cup is his, otherwise it passes to the first player to trim him. Paul Boynton is the first to throw the challenge.

Mrs. Rich's Bowling House All-Stars badly defeated Carroll, Jellerson Co. Stock Room team at the bowling alley. Owing to a limited number from which to pick a team, the winners must confine their playing to teams composed of pin artists "farmed out" from big leagues and not first stringers. They are in the market for any aggregation from the shoe shops.

Carroll, Jellerson Co. Lesters walked away from the Norway Shoe Co. Eagles (outlets) with a score of 1505 to 1234 in three strings per man fracs. Other matches are being promoted by "Stub" Eastman for an early showing.

Teams composed of young women are having their training with the lads reserved for their exclusive use during matches. They are showing skill and thoroughly enjoy the novelty.

Miss Hannah Hill
Miss Hannah Hill, who resided with her niece at Noble's Corner, Norway, passed away Mar. 5. She was born in Norway 84 years ago, on Nov. 3, 1839 and the daughter of James and Hannah Whitten Hill.

Miss Hill was a life long resident of this town and had been blind since her youth.

A public progressive whist party for the benefit of organ fund will be given by the ladies of the Universalist Circle Saturday evening, March 8, at Mrs. B. G. McIntire's. Ladies will bring plate of light refreshments. Play begins at 7:30.

The Universalist Ladies' Circle will meet Friday afternoon, March 7, with Mrs. S. B. Cummings.

Fire Alarm From Central

A repeating box has been installed at the Norway telephone central which allows the operator to sound the fire whistle, giving any box number in the corporation. This mechanism was put in by a vote of the corporation last April when \$300.00 was appropriated.

Directions for its use are simple. In case of fires, other than ordinary chimney troubles, phone central, giving the alarm box number in your locality or district. This is important for without the box number an operator is unable to do her part and may receive undeserved blame. A little study of the locations of nine alarm boxes in the village might prevent confusion, save property and fire department expenses.

This repeating box is not to do away with street boxes, but to accommodate citizens residing some distance from the box in their district. In other words it is to save valuable minutes.

Chief Giles Frost warns against too zealous use of the new system. In case of ordinary chimney fires, call the fire or some member of the department as in any regular phone call. If fire is discovered on a roof or inside any building, phone central, stating the fact giving alarm box number. This will call out the whole department. Whatever the fire, use your head.

Mrs. Grace Millett, chief operator, suggests the patrons hold up on calls for a few minutes after the fire alarm sounds. This does not apply to emergency cases. In the past whenever the alarm sounded, calls for information have buried the switchboard force and many lines blocked during the congestion. This condition is serious, for numerous emergency calls which should be handled quickly are unable to start, or are delayed in transmission. The public will secure more efficient service in an unusual situation, if just a little more patience is used.

David Flood
David Flood, a well known lumber operator passed away Wednesday evening, March 5, at his home at Norway Lake. His age was 81 years, 3 months, 17 days.

Mr. Flood was born in Portland, Nov. 18, 1842, the son of David and Margaret Morgan Flood. The family moved to Norway many years ago and resided on Frost Hill. Later they settled at Norway Lake in what is now the well known Flood homestead.

Mr. Flood was engaged in lumbering many years but for a long time had carried on the home place, giving attention to vegetables and small fruit.

He was prominent member of Oxford Lodge of Masons and a valued member of Harry Rust Post G. A. R.

The deceased leaves a wife, who was Martha Gammon, one daughter, Mrs. Winnie Hall, and a son, Virgil Flood, both residing at the homestead. One other son, Ralph Flood, resides at Norway.

Lake and Eugene Flood is in business at Farmington.

The funeral will be held at the home Saturday at 2 P. M. Rev. C. G. Miller will be the officiating clergyman. Burial at Norway Pine Grove cemetery.

High School Notes
The final pep meeting of the basket ball season was held last Friday morning. Mr. Lord was chairman and Mr. Brown and Edith Joslin cheer leaders. The opening number was the school song with Miss Joslin at the piano. A large list of speakers was presented, including Capt. Ralph Palmer and Russell, Managers McKay and Joslin, Mrs. Jennie Bates Russell, Mr. Brown, Coach Luce, Joe Roy Glenn Andrews, Ernest Watson, Edward Emerson, Harry Kenyon and Oliver LaFrance.

A satisfactory settlement will gladly be made for any dishes lost at the Carnival supper, if reported at the Principal's office.

Manford Palmer was recently elected Captain of the coming season's baseball nine.

The Senior class held its annual ride at the Mothers' Club, Wednesday, February 27. A hot oyster stew was served to between twenty-five and thirty members of the class.

The committee in charge of the affair was Glenn Andrews, chairman, and Elizabeth Hall.

Letters will be awarded to the winners of the N. S. Carnival and to members of the snowshoe and ski teams that competed at Augusta. Those to receive letters for skill in winter sports are: Francis Noble, Francis Gammon, Erwin Cummings, Norman Annis, Holman Tucker, George Young, Hilda Russell, Edith Joslin, and Helen Dullea.

The girls' team plays at Mexico, Friday night, and at Wilton, Saturday night.

Literary Club Meeting
The Freshman-Sophomore Debate will be held at the High School building, Friday afternoon at 2:15 o'clock. The question for discussion is: "Resolved that the war as left guard with Luce a teenager." The affirmative will be up held by the Freshman team, consisting of Catherine Longley, Phoebe Cobb, Gary Locke and Doris M. McAllister. The Sophomores speaking for the negative are: Hallie McKee, Emma Porter, Alice Dyer and Doris Cole. The school orchestra will also furnish selections. The public is invited to be present. The winners of this second inter-class debate will debate with the Seniors later to decide the School Championship.

Mrs. Katherine H. Fontaine of East Stoneham writes from Anacortes, Washington State: "While there is no state equal in all respects to Maine, the climate of this island, Fidalgo, is wonderful. The temperature ranges from 50 to 60 degrees, and winter rains are less common than in other parts of the State. Roses were blooming out of doors here in December and Spring flowers the first of February. Mt. Baker is the guardian of these Puget Sound islands and the scenery is grand."

At the next meeting of the Pythian Sisters there will be a full rehearsal of the play "Aunt Jerusha on the War Path." Rehearsals are being held.

NORWAY AND VICINITY

SHOOTING FISH IN FLORIDA

Mrs. Ernest W. Hutchins of Norway has written interestingly about "hunting" fish near Homestead, Florida. Some different experience from angling on Lake Pennesseewassee. The following letter will describe a "fish hunt" in the Everglades and show a marked contrast to our slow, dreaming methods with hook and line.

"Don't you all want to go a fishin'?" called my neighbor over the way to me the other afternoon. Of course "we" all did. "Fishing," conjured up before my mind visions of a lake, a boat, fish poles and bait, also of mountain streams, split bamboo rods and flies, plenty of interesting flies.

We drove in a car to the canal. There was no sign of the regular fisherman's paraphernalia, only a 22 rifle and a long bamboo pole. As I was out to learn how I kept still, watched and wondered. After driving about four miles my friends drew up beside the bank of a narrow canal running through the Everglades. The canal looked to be about 20 feet wide and full of a greenish grey clear places where an occasional fish could be seen swimming about.

"What do you catch here," I asked. "Trout and good ones," was the answer and immediately saw "red spots" on the edge of the canal watching for fish. Pop! goes the 22. "There's a good one," said my friend, who scrambled out of the car, pulled the long bamboo pole from under the car and attached what he called a "shocker" to it. We would call it a "shocker" and proceeded to pull out a fair sized fish which looked very much like our native bass only with a huge mouth. "What is that?" I asked. "Trout," was the reply.

On we crept beside the canal until we came to a small pine tree hanging over the canal. "Here is where I catch some good ones," said the fisherman, and up the tree he went. He admonished us to keep still in the car so that the "trout" wouldn't hear us. We kept still, but today the water has a ripple on and the fish swim too deep to shoot across the canal. No luck today. Coming home, the same 22 brings down a small wild duck of a variety new to me; a grey bird with a bit of white on wings and greenish yellow feet. About half as large as our own New England wild duck. This was the result of our fishing trip.

However, fish, we would call them "large-mouth bass," that weigh three and four pounds are often caught or shot in this way.

Mr. and Mrs. Charles F. Bidon have been visiting Mrs. Bidon's sister, Mrs. Herman P. Paragard, in Lynn, Mass.
Chief Giles Frost and the chemical truck with several dozen extinguishers, a hot chimney fire at Mrs. William Cole's residence, Winter street, late Thursday evening.

The saw mill of the W. F. Tubbs Co. is a busy place. A large number of ash logs are being worked up for skis and snowshoe frames for a good summer business in the factory.

Charles L. Bartlett has been assisting at C. F. Bidon's during the absence of Mr. and Mrs. Bidon.

Spring is around the corner for marbles are in use. The game is being played on hard snow or on bare spots in the rear of Stone's drug store. Not less than one million marbles were sold in town last season.

APPRECIATED WAYSIDE CAMP

Edmond K. Dyer of Eaton, Ohio, a tourist who found rest at the Wayside Camp ground on August 11, appreciated the efforts of the Norway Board of Trade. Following is a part of his kind letter to the Norway Advertiser and we hope to make his acquaintance should he again motor through Norway.

I want to thank you for the copy of the paper I received, in which was published the names of tourists stopping at Wayside Camp. We camped there, Saturday, Aug. 11. That same night two parties from Michigan were at the camp, but they did not register.

I wish to compliment your city on its progressiveness in furnishing such a fine camp. Although we stayed in many elaborately furnished camps in our 2,500 mile trip through fifteen states in the east, we consider the camp at Norway the best of all. Situated on a hill, with the stream flowing a hundred feet distant, with good sod and shade trees, and with every necessary convenience, it is an ideal camp.

We patronized a number of stores in your city, and were delighted with the fine stores found there.

We hear much of the hospitality of the West, and although the people of the West are hospitable, the people of the East are equally hospitable. I have traveled extensively through the Middle West and never have I met with such hospitality as in Northern New England, particularly in New Hampshire and Maine.

I assure you that we look forward to returning sometime to your city and again enjoying the friendly welcome of Wayside Camp.

FRYEBURG

The burning of the Norman Charles property and the home of Mr. and Mrs. Z. O. Wentworth was a great calamity, as it is very liable to remove two good families from Fryeburg and we have lost so many of our citizens in the last few years we can ill afford to spare them.

Mrs. W. R. Tarbox has been very ill for the last four weeks and is able to sit up only part of the time.

Mrs. Mary Post is to spend the month of March with Mrs. Sarah Willis.

The friends of Arthur Hodson and wife who were burned out gave them a splendid sum of money and many gifts. Mrs. Shaw, widow of Frank Shaw of Steep Falls, who has worked as a cook in many places in Fryeburg also in Portland, died of pneumonia, Saturday, March 1, at the home of her son, Frank Shaw, after a few days illness. Mrs. Shaw was a very hard working woman and gave excellent satisfaction to all who employed her.

Percy Emerson has been ill for several days but is out again.

Miss Charlotte Hodson, who is studying music in Boston, spent the week end with her parents, Mr. and Mrs. Herbert Hodson.

Mrs. Rebecca Potter, for many years a resident of Fryeburg, died at the home of her daughter, Mrs. Emery, in Bridgton, last week after a long illness.

Winnie Fessenden was married last week to Miss Irene Hall of New Hampshire, a granddaughter of the late John Phillips of New Hampshire. They were married in New Hampshire and will reside at the Fessenden home on Main St.

Disastrous Fire at Fryeburg
Fire Thursday morning, Feb. 21, destroyed three buildings and threatened many others including the Argue Not Inn, which was in the immediate path of the flames. Loss is estimated at about \$25,000.00.

The fire started in the furniture and stored goods store of the Norman Charles estate, a two-story wooden building, and spread to the residence of Zenas Wentworth. This fine house was consumed with much of its contents. H. A. Hodson's summer home adjoining also fell a prey to the flames but the firemen succeeded in confining the conflagration to this structure. About all the furniture was removed from the Hodgson house but the loss is estimated at about \$5,000.00. It is believed that the furniture store and contents will sustain between \$10,000.00 and \$15,000.00 loss and the Wentworth house and contents about \$6,000.00. Losses are partially covered by insurance.

The outside of the Argue Not Inn was scorched and considerable amount of the furnishings were removed for its destruction, appeared certain for a time. Telephone communication to outlying districts was interrupted after the fire until a crew from Portland restored the burned lines.

PIGEON HILL

Herbert Thurlow's father, who is stopping with him, is very ill.

Mrs. Augustus Thayer is suffering from a bad cold.

Mrs. Roscoe Mayberry, who has cared for Mary Hall for the past three months, has returned to her home in Casco, leaving her patient much improved, though not yet able to be about much and Mrs. Franquette Burns of Kittery, N. H., is taking her place.

William Hall of Brunswick was up to see his mother, Sunday, at Blimden Farm.

Eldred Thomas, who has worked for C. K. Denning the past year, has resigned his position and James Weyman is working for Mr. Denning at present.

Mr. and Mrs. George Tyner attended the minstrel show at Mechanic Falls, Tuesday night.

Orin Martin has just finished putting in his ice.

Frank True of Portland was at his farm, Sunday.

BATES—WEST PARIS

Pomona was a great day at the Grange.
Tuesday, 230 members were present;
about 250 people were entertained at din-
ner. Only two candidates received the
5th degree. The lecture hour in the af-
ternoon was in open session and a great
many came in and filled the hall to over-
flowing. School closed for the afternoon
and quite a few of the high school pupils
took part in the program, which was as
follows:

Musical picture, "The Grange Chorus"
Directed by Prof. W. S. Wright.
Reading, "The Vagabond," Mr. Cummings.
South Paris.
Violin solo, "The Starlight," Sylvia McKen-
zie.
Character Reading, "Lula Day"
Reading, "Ruth Hopkins," Mrs. Bryant.
Vocal duet, "In the Starlight," Mrs. Bryant
and Mrs. Cummings.
Remarks for the good of the order.
Vocal solo, "Mother's Prayer," Mrs. Bryant.
Remarks for the good of the order.

Vocal solo, "Mother's Prayer," Mrs. Bryant.
Remarks for the good of the order.
Music, "Hallelujah for Old New England,"
Chorus.

The whole was accompanied on the
piano by Mrs. Leah Waterhouse. The
bachelor first entered, sat by the fireplace
for his evening smoke, then moved into
the rocking chair to read his daily paper,
all alone, when he fell asleep and dreamed
of all the girls he had known, whom he
might choose for a companion and his
dream was illustrated by the above char-
acters. The reader read the reading, the
explanation in verse. The reading, the
peculiarly Lula Day's, and music were all
very fine and entertaining and good variety.
The dairy picture reels were illustrated
first, a farmer under poor conditions,
and second, after he had made improve-
ments, but they were not very new on
account of the daylight looking in prob-
ably. Mr. Clement said they had a vari-
ety of helpful pictures and lectures
without pictures that were available free
of charge for schools or other public oc-
casions given by the State Public Health
Association at Augusta.

WOMEN OF MIDDLE AGE

Read How Mrs. Walsh Was Helped
by Taking Lydia E. Pinkham's
Vegetable Compound

Mannington, West Virginia.—"I took
the Vegetable Compound when having
the turn of life. I had
been sick for seven
years. I would get
a little better, then
I broke down again.
It would be hard for
me to describe how
I was, for I was a
perfect wreck. I
suffered with a pain
in my left side, then
I would have numb
spells and I would
think I could not live.

I would have hot flashes, then would
come weak spells. I was so weak I
would think I couldn't ever get a meal
ready. My work was a burden to me.
I was not able to do my housework half
of the time. A friend advised me to
take Lydia E. Pinkham's Vegetable
Compound, and it has given me strength
and health. The hot flashes left me and
I got better of the numb spells. That
summer I could do my housework and
worked in the garden a good bit. I tell
all sick women what your wonderful
medicine did for me, and will always
recommend it. I was born in Marion
County and still live in it. I am known
to all my neighbors, and you can pub-
lish this statement because it is true."

—Mrs. JOHN W. WALSH, R. No. 1,
Box 36, Mannington, West Virginia.
